Case No. 10AE-CV04051
Division No. II

PETITION FOR DAMAGES

Comes now plaintiff Ahmed Bekkouche, by and through her undersigned counsel of record and, for his claims against defendants, states as follows:

JURISDICTION AND VENUE

1. Plaintiff Ahmed Bekkouche is an individual over the age of 18, and was at all pertinent times, a resident of Johnson County, Kansas.

2. Defendants are each a foreign corporation licensed to do business in the state of Missouri, and each may be served by serving its registered agent. They are collectively referred to herein as “defendants” or “United Rentals.” At all pertinent times, defendants owned and operated a retail branch at 1110 Quebec, North Kansas City, Missouri.

3. Defendants committed the tortious acts alleged in this petition in Missouri, thus this Court has jurisdiction over this matter.

4. The events at issue herein occurred on the premises at 7350 NW 87th Terrace, Kansas City, Platte County, Missouri, thus venue is proper in this Court.

FACTS

5. On or about September 4, 2008, plaintiff was performing electrical work in the parking garage of the Dillard’s at Zona Rosa, 7350 NW 87th Terrace, Kansas City, Platte County, Missouri, as part of his employment with Faith Technologies.

6. To assist plaintiff in his work, he was using an aerial lift which was rented from and supplied by defendants.

7. The lift was equipped with a lever that moved the lift up and down, and was also designed and equipped with a safety switch which was intended to protect against inadvertent or accidental engagement of the up/down lever. At all pertinent times, the lift was in substantially the same condition as when it was provided by defendants.

8. When using the lift properly and appropriately and in a manner reasonably anticipated by defendants to perform electrical work on the light fixtures on the ceiling of the structure, Mr. Bekkouche came into contact with the lever for moving the lift up and down, but did not come into contact with the safety switch. Nonetheless, the lift suddenly and without warning raised up, jamming Mr. Bekkouch and the lift against the ceiling of the structure.

9. A representative of United Rentals came to the job site on the day of the incident, removed the safety switch from the lift, determined it malfunctioned, and replaced it. He retained the defective and malfunctioning safety switch.

10. As a result of these events, plaintiff suffered serious injuries to his head, neck, back, arms, hands and throughout his body. He has required painful and invasive surgeries and treatments, and will continue to require such medical intervention in the future. He has been left with a permanent injury and impairment which is both painful and progressive, and his injuries have limited his ability to find and maintain full employment and to enjoy his life. He will continue to suffer these injuries into the future as a result of this incident. He has incurred medical bills and lost wages, and will suffer these effects into the future.

COUNT I - NEGLIGENCE

11. Plaintiff incorporates herein by reference the allegations set forth in paragraphs 1-10.

12. Defendants owned and were responsible for the care, maintenance and safety of the subject lift being used by plaintiff at the time of the incident.

13. Defendants had the legal duty to use ordinary care to ensure that the lift and its component parts were maintained in good repair and safe condition, that the lift and its

component parts were safe for their intended and foreseeable uses, and were free from defects and dangerous conditions. They further had the duty to warn of any dangerous or defective conditions of the lift. These duties were owed to plaintiff and to the public at large.

14. Defendants breached their respective duties by

- a. providing the lift in an defective and dangerous condition which was not reasonably safe for the intended or foreseeable uses;
- b. failing to properly test and maintain the lift to ensure it was in safe and operational condition;
- c. providing the lift without an appropriate, effective and operational safety switch; and
- d. failing to provide a warning of the lift's defective and dangerous condition described above.

15. Defendants' negligence as set forth above caused plaintiff's injuries and damages as described in paragraph 10. As a result of defendants' negligence and the resulting injuries and damages, plaintiff has incurred past and future medical bills, past and future lost wages and lost earning capacity and significant physical and emotional pain and suffering, and will continue to suffer these effects into the future.

16. Defendants knew of the dangerous condition of the lift as set forth above at the time they transferred it in the course of their business. Defendants' conduct as set forth above was willful, wanton, malicious, and reckless, and exhibited complete indifference to or a conscious disregard for the safety of others.

COUNT II – STRICT LIABILITY

17. Plaintiff incorporates herein by reference the allegations set forth in paragraphs 1-16.

18. Defendants transferred the lift in the course of their business.

19. The lift was used by plaintiff in a manner reasonably anticipated.

20. The lift was then in a defective condition unreasonably dangerous when put to a reasonably anticipated use, and plaintiff was damaged as a direct result of such defective condition as existed when the product was transferred by defendants.

21. The lift was then unreasonably dangerous when put to a reasonably anticipated use without knowledge of its characteristics, and plaintiff was damaged as a direct result of the product being transferred by defendants without an adequate warning.

22. As a result, defendants are strictly liable for plaintiff's injuries and damages.

23. The defective and unreasonably dangerous lift, as set forth above, caused plaintiff's injuries and damages as described in paragraph 10. As a result of these resulting injuries and damages, plaintiff has incurred past and future medical bills, past and future lost wages and lost earning capacity and significant physical and emotional pain and suffering, and will continue to suffer these effects into the future.

24. Defendants knew of the dangerous condition of the lift as set forth above at the time they transferred it in the course of their business. Defendants' conduct as set forth above was willful, wanton, malicious, and reckless, and exhibited complete indifference to or a conscious disregard for the safety of others.

WHEREFORE, plaintiff prays for judgment in his favor on all counts, for his compensatory damages in a fair and reasonable amount in excess of \$25,000, for exemplary damages in an amount sufficient to punish defendant and deter other from such conduct in

the future, and for his costs and expenses incurred herein, and for such further relief as the Court deems just.

Plaintiff demands a trial by jury on all counts.
